JR UX DESIGNER

Meticulous web designer with over a year of user experience and interaction design, a passion for user research, and over 2 years of front end development experience.

EXPERIENCE

UX Research & Designer, Freelance — Nov 2020 - present

- Employed a **user-centered approach** to design new websites.
- Created **wireframes and clickable prototypes**.
- Applied **UX principles, and Web Development** to redesign and build new sites.

User Experience Designer, Cisco Systems — Jun 2020 - Nov 2020

- Created wireframes and clickable prototypes, **informed by user research**.
- Redesigning Cisco's CMS for Partners to publish their own content to hundreds of Cisco Customers.
- Designed a "What's New in CX Cloud" experience, including onboarding and release notes website **from initial concept to prototypes**.

Web Designer, Perfect English — Feb 2019 - Feb 2020

- **Redesigned the Information Architecture** of English-teaching site looking to hire teachers. Led to **300% more applicants** & full quota of new hires within 3 months.
- Applied UX principles, and Web Development to redesign and implement a more user-friendly website.
- **Communicated website designs to stakeholders** through deliverables, including paper prototypes, user flows, and hi-fi prototypes.

Software Engineering Intern, CDK Global — Jun 2019 - Aug 2019

- Participated in a company-wide Hackathon on a team of two; myself as designer and front end development, and a coworker as backend developer.
 - Determined potential improvements in CDK products to **design an in-house app to address that need**.
- Created and managed **best practices and documentation** for new hire onboarding and other poorly documented development tools.
